Book Synopsis

Crown Princess Rhiannon Ta'an wants vengeance.

The only surviving heir to an ancient Kalusian dynasty, **Rhee** has spent her life training to destroy the people who killed her family. Now, on the eve of her coronation, the time has finally come for Rhee to claim her throne - and her revenge.

Alyosha is a Wraetan who has risen above his war refugee origins to find fame as the dashing star of a DroneVision show. Despite his popularity, Aly struggles with anti-Wraetan prejudices and the pressure of being perfect in the public eye.

Their paths collide with one brutal act of violence: Rhee is attacked, barely escaping with her life. Aly is blamed for her presumed murder.

The princess and her accused killer are forced to go into hiding - even as a war between planets is waged in Rhee's name. But soon, Rhee and Aly discover that the assassination attempt is just one part of a sinister plot. Bound together by an evil that only they can stop, the two fugitives must join forces to save the galaxy.
